## The Interior Design Firm and Knutson Construction Services

Joe and Dee Valenti have direct knowledge of the need for maintaining and updating real estate; Joe currently is CEO of CBSHOME. Updating their nineteen year old home in the Linden Estates area was important to them not only for that reason, but to enjoy the latest finishes and energy solutions that homes of 2011 can offer. Anita Wiechman, ASID, CKBR of The Interior Design Firm put together a package of all new finishes, electrical and plumbing fixtures and a lower level bath plan. She coordinated a top notch team of subcontractors along with contractor Joe Knutson. Joe Knutson, CR, CKBR of Knutson Construction Services did an excellent job of coordinating cabinet resurfacing, all construction details, exterior siding replacement and efficient energy enhancement with additional insulation and new Pella windows.
